President of Alexander, Aronson, Finning & Co., P.C. is Elected President of the International Association of Practising Accountants

Westborough, MA September 19, 2006 – The **President of Alexander, Aronson, Finning & Co., P.C. (AAF), Herbert S. Alexander**, was elected **President of the International Association of Practising Accountants (IAPA)** in Milan, Italy, effective September 1, 2006. AAF, one of New England's largest full service public accounting and consulting firms, is able to serve its clients' national and international accounting, tax, and business needs through its long-term affiliation with IAPA, a London based international association.

IAPA is a “global association of accountancy firms providing a full range of high quality professional services to clients with international needs.” As an active member, *AAF can globally network with over 1,000 partners in 230 offices across 45 countries - enabling AAF to meet the worldwide business needs of their clients at any point in time.* Mr. Alexander states, “I am excited to have the opportunity to represent such a prestigious, world-wide organization. IAPA is a valuable association for all members *and* their respective clients. I look forward to building awareness of the benefits of IAPA and helping to fulfill the objectives of the organization.”

More and more mid-sized accounting firms are becoming affiliated with international organizations in order to not only expand their service offerings, but to also build long-term relationships with firms around the world. This participation gives a mid-size accounting firm the advantage to compete with larger accounting firms who have offices throughout the world.

Alexander, Aronson, Finning & Co. is a certified public accounting firm with over 30 years experience in accounting, auditing, and business consulting. AAF provides a wide range of services including accounting and auditing, tax compliance, non-profit accounting and consulting, estate and gift planning, litigation support, succession planning, and business valuation.
